RESEARCH REPORT: RR 25375
(CSI # 07 18 13)

BASED UPON ICC-ES EVALUATION
REPORT NO. ESR-2097

REEVALUATION DUE
DATE: April 1, 2020
Issued Date: May 1, 2018
Code: 2017 LABC

GENERAL APPROVAL – Renewal and Clerical Modification - Pli-Dek walking deck and roof covering systems

The above assemblies and/or products are approved when in compliance with the use, description, design, installation, conditions of use, and identification of Evaluation Report No. ESR-2097 reissued August 1, 2017, revised February 2018, of the ICC Evaluation Service, Incorporated. The Report in its entirety is attached and made part of this general approval.

The parts of Report No. 2097 marked by the asterisks have been removed by the Los Angeles Building Department from this approval.

DISCUSSION

The clerical modification is to change the contact name of the petitioner.

The report is in compliance with the 2017 City of Los Angeles Building Code.

The approval is based on tests and analysis in accordance with ICC-ES AC39, ASTM E119 and report of wind uplift testing in accordance with Factory Mutual 1-52.

This general approval will remain effective provided the Evaluation Report is maintained valid and unrevised with the issuing organization. Any revisions to the report must be submitted to this Department, with appropriate fee, for review in order to continue the approval of the revised report

RE: Pli-Dek walking deck and roof covering systems\

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this approval have been met in the project in which it is to be used.
