Effective Date: 08/01/2018

Expiration Date: 08/01/2019

Manufacturer: N/S CORPORATION

Item: VEHICLE WASH SYSTEM

PLEASE REFER TO THE APPLICATION NUMBER ON ALL CORRESPONDENCE, PHONE CALLS & SAMPLES

The item processed under the above file number has been tested, examined and found to comply with applicable Los Angeles Plumbing Code (LAPC) and/or Los Angeles Mechanical Code (LAMC) and is hereby approved unless revoked for cause.

This letter or the letterhead copy may not be reproduced for use in labeling or advertising, but copies of this letter may be used within your organization and shown as evidence of approval.

CONDITIONS OF APPROVAL:

1. An approved reduced pressure principle backflow preventer shall be installed on each water inlet per Section 94.603.0 of LAPC, 2017 Edition. A properly industrialized water supply may be used in lieu of a backflow preventer.
2. These vehicle wash systems shall drain into City of Los Angeles approved waste receptors.
3. All electrical components that are part of these products shall be either currently listed as part of the equipment by a recognized electrical listing agency or be approved by the City of Los Angeles Electrical Testing Laboratory.

Each item shall have the name or trademark of manufacturer and model number where it will be visible for inspection.

In order to renew this approval, an application and reexamination fee must be submitted on or before the expiration date shown above. Arrangement shall be made to remove any test samples remaining in the Laboratory. Samples remaining after 21 days from the date of this notice will be shipped collect by the most convenient carrier or disposed of in accordance with applicable regulation.

Irene M Pool Tamayo
Mechanical Testing Laboratory, Test Engineer
