RESEARCH REPORT: RR 25870
(CSI #03050)

Attn: Richard Koon
(407) 484-2604

Expires: July, 1, 2013
Issued Date: May, 1, 2011
Code: 2011 LABC

Local Representative: Jim Kaylor
(310) 650-4263

GENERAL APPROVAL – Renewal-Barrier-1 Concrete Admixture

DETAILS

Barrier-1 concrete admixture is approved and may only be used in the combination and dosage specified below:

Barrier-1 (14.0 fl. oz. per 100 lb. cement)

The admixture has been evaluated in accordance with Information Bulletin P/BC-2008-31, Admixture Qualification Alternate, for effects on concrete compressive strength.

The approval is subject to the following conditions:

1. The product shall not be used in combination with any other admixture, unless the admixture combination is specifically approved by another research report.

DISCUSSION

The report is in compliance with the 2011 Los Angeles City Building Code.

The approval is based test requirements in accordance with Information Bulletin P/BC 2008-031, Concrete Proportioning and Admixture Qualification.

This report is approved on a temporary basis pending on the submittal of two year test data prior to July 1, 2012.

RE: Barrier-1 Concrete Admixture.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this approval have been met in the project in which it is to be used.
