RESEARCH REPORT: RR 25986
(CSI # 071813)

BASED UPON ICC EVALUATION SERVICE
REPORT No. ESR-2201

REEVALUATION DUE

DATE: August 1, 2019

Issued Date: August 1, 2017

Code: 2014 LABC

GENERAL APPROVAL – Reevaluation and Clerical Modification - WestCoat ALX Standard and Custom Systems are cementitious coating systems for use as walking deck and classified roof covering systems over plywood substrates.

DETAILS

The products listed in the attached Report No. ESR-2201 issued May 1, 2014 of the ICC Evaluation Service, Incorporated have been determined to be considered as Category 1 materials in accordance with Information Bulletin P/BC 2014-119.

The products may be used in accordance with the conditions of use listed in the attached evaluation report only when an engineer and/or inspector of this department has reviewed the product application and has determined that the use is in conformance with the 2014 Los Angeles Building Code.

DISCUSSION

The clerical modification is to change the address and contact information of the petitioning organization.

No tests or calculations are on file with this approval. No further review of the attached ESR has been performed.

Re: ALX Standard and Custom Systems for walking deck and roof covering systems

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval will remain effective provided the Evaluation Report is maintained valid and unrevised with the issuing organization. Any revisions to the report must be submitted to this Department, with appropriate fee, for review in order to continue the approval of the revised report.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this approval have been met in the project in which it is to be used.
